Reliable Malaysian Cloud Partner — BOSSCloud for **Business Excellence**

Enterprise demand cloud solutions that are not only robust and scalable but also compliant with local regulations. **BOSSCloud**, developed by Malaysia's owned company **Alphamatic Systems**, delivers enterprise-grade cloud services tailored to meet these exact needs.

Why Leading PLCs and MNCs Trust BOSSCloud:

1 **Tier-3 Data Center Hosting:** Ensures 99.9% uptime, providing your business with uninterrupted operations.

2 **Comprehensive Security Suite:** Includes next-generation firewalls, intrusion detection/prevention systems, and endpoint protection to safeguard your data.

3 **Regulatory Compliance:** Adheres to international standards such as ISO 27001, ISO 22301, and SOC 2 Type 2, ensuring your data management meets global benchmarks.

4 **Flexible Deployment:** Supports various hypervisors like VMware and Hyper-V, allowing seamless integration with your existing infrastructure.

5 **Customizable Backup & Disaster Recovery:** Offers tailored solutions to protect your critical data and ensure business continuity.

With **over 40 years of IT expertise**, **Alphamatic Systems** has been a cornerstone in Malaysia's technological advancement, providing solutions that empower businesses to thrive in a competitive environment.
